Join us for a special session of the **2013 Bridges Conference**, where we will celebrate the art-math connections between Canada and The Netherlands. Researchers **Jack van Wijk** and **David Swart** will discuss their shared interest in the impossible task of cutting up the earth in order to make it lie flat.

Saturday, 27 July 2013

Location: Grote Kerk, Oude Markt, Enschede

20.00 Reception

20.30 Lecture
